In order to provide continuity of instruction during the Covid 19 pandemic, the Parish Religious Education Program (PREP) of _____Parish in the Archdiocese of Philadelphia will use an interactive, in-person virtual classroom provided through _____(name the platform.) Parents/guardians who chose this option for PREP are are expected to supervise their child/children during the scheduled instructional time and in accordance with the parish "netiquette." Students should keep their camera on so the teacher can view them. Since this is the new learning environment, the background should be free of any inappropriate or distracting images or content. Students should be dressed appropriately. Students will be respectful of the catechist, follow his/her directions, and be participatory in lessons, activities and discussions.

I also understand that my child's PREP session will be recorded and stored on the parish website for students for viewing at a later time for students who are not able to join the scheduled PREP session time.
