Dear Parents and Guardians,

In an effort to assist in the monumental mission of protecting children, the Office for Child and Youth Protection and the Office of Catechetical Formation is partnering with you to present a safe environment lesson to your child who is attending as a virtual or at home learner. It is our cherished role as adults to fully protect children. In addition, we must also teach children about their safety rights and boundaries, so that they have tools to protect themselves. What follows is information about the program itself and the resources available to you.

PLEASE NOTE: You are required to review, sign and return page 2.

Teaching Touching Safety Program Information:

Students attending Archdiocesan Parish Religious Education Programs review the *KidTalk* child abuse prevention lesson each year. In these classes, they learn how to identify situations in which an adult may try to take advantage of them and provides students with information on what to do and where to go for help.

This year since your child is attending virtually and/or at home, we are partnering with you in delivering this content, you can find more information at <https://chillyouthprotection.org/index.php/protect-children/trainings/kidtalk-overview> . Additional resources can be found at the Office for Child and Youth Protection website at www.chillyouthprotection.org. Following the lesson, we encourage you to continue reinforcing the message at home whenever possible.
